IMAS, L.L.C., is an independently owned, Connecticut based New England enterprise dedicated to providing complete system solutions for large and small municipalities. We are streamlining workflow, containing costs and increasing accessibility of records for over 99 home-rule municipalities in the North East Region. Our contract, subscription and purchase agreements are completely flexible. We have devised plans to meet the needs of cities as large as Fall River, MA, with population over 99,000 and towns as small as Union, CT, with 250 population.

Multiple Ways to Acquire IMAS, L.L.C.'s products and services.

STANDARD PURCHASE OF A PERPETUAL LICENSE TO USE

A one-time licensing fee will allow for unlimited use of the software with unlimited number of reports, and a Title Searcher's Kiosk all controlled by the license holder. For an additional annual maintenance fee, IMAS will provide continual upgrades and 800 telephone support. **Two** to **fifteen** year financing is available with the perpetual license to use. A complete turnkey service contract is also available upon request.

PER DOCUMENT INDEXING FEE

We provide you with the TCS™ application; we scan your books and can print them or prepare and send them to a Vendor for printing and microfilming and then to Iron Mountain for storage. You provide a PC with high-speed internet access.

FULL SERVICE—PER DOCUMENT FEE

You send us your documents and we do the rest. IMAS will index and scan your documents, print your books or send to Vendor for printing and/or microfilming and then to Iron Mountain for storage.

APPLICATION SERVICE PROVIDER

We provide the *WTH™* applications, accessible to you with a protected password via the internet. No up-front fee is assessed; you only pay a monthly subscription and per license fee for use (application dependent).
