

The Satellite

Your Presence on the Internet

The newest web information management convergence from Inform Business Systems, IMAS, Ilc, and PowerPay allows multiple office functions to be easily undertaken from *anywhere*.

- Municipalities maintain their recording information and images locally, in their own offices.
- IMAS automatically uploads updated information, according to parameters defined by the municipal officer, to IMAS' dedicated internet server.
- All searching is executed over the internet at WebTownHall.com®, eliminating any and all threats to your local computer system and files.
- Constituents, Tax Payers, Searchers, Attorneys, Banks, Newspapers, Chambers of Commerce, Realtors, or anyone needing to view recording information remotely can access your records through WebTownHall.com/showcase®.
- All fees and subscriptions will be set and collected electronically by you through the merchant services of PowerPay.biz®.
- Anyone can view their information remotely, pay bills, complete applications, permits and requests, or undertake City/Town Hall business from any software.
- Full printing services for all your needs with electronic notification as desired provided by InForm Business Systems.
